REVA HOMES / BEFORE WE TALK

Your next home, *thoughtfully planned.*

Seven prompts to help you prepare. Leave anything open if you are still exploring.

☐ 01 Life at home

Who lives with you now? Think about work, study, guests and quieter space.

☐ 02 Rooms with a purpose

Which three spaces would make the biggest difference to everyday life?

☐ 03 Furniture that needs to fit

Note the actual sizes of furniture you want to keep. Studio pieces have fixed sample sizes.

☐ 04 The things you bring

Think about entry storage, clothing, hobbies, sports gear and household supplies.

☐ 05 A finish direction

Choose a palette to discuss, or leave it open. Real samples and inclusions need confirmation.

☐ 06 Room for change

What might your household need the home to do differently in the years ahead?

☐ 07 Your next questions

Bring questions about the property, proposed design, availability and next steps.

Bring your notes, or build your brief online:
